DENIAL OF STATE ENGINEER deny This is to certify that I have examined the foregoing application, and do hereby grown the same, subject to t following limitations and conditions: This application is herewith denied on the grounds that to grant the application for
irrigation purposes on lands that the applicant does not own or control and cannot
demonstrate the ability to place the water to beneficial use, would not be in the public
interest and welfare.
The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, a cubic feet per second
Actual construction work shall begin on or before.
Proof of commencement of work shall be filed before
Work must be prosecuted with reasonable diligence and be completed on or before
Proof of completion of work shall be filed before
Application of water to beneficial use shall be made on or before
Proof of the application of water to beneficial use shall be filed on or before.
Map in support of proof of beneficial use shall be filed on or before
Commencement of work-filed. Completion of work filed. Proof of beneficial use filed. Cultural map filed. Certificate No. IN TESTIMONY WHEREOF, I. PETER G. MORROS State Engineer of Nevada, have hereunto set my hand and the seal my office, this 27th day of February A.D. 19. 87
